

(JUNIOR) CONSULTANT

Our consulting team advises every day on current and future challenges to develop holistic solutions together with our customers from strategy to implementation. We are now looking for someone for the position as a consultant.

THAT'S WAITING FOR YOU:

- You will work on complex projects relevant to strategy development and implementation as well as corporate development.
- You create market and competition analyses as a basis for strategic recommendations.
- You develop business strategies and presentations in close cooperation with our customers.
- You take responsibility for your own sub-projects.
- Private equity environment

YOUR PROFILE:

- You have a very good university degree, preferably in economics.
- You have excellent analytical and conceptual skills.
- You have in-depth knowledge of MS Excel and PowerPoint (knowledge of Power Bi or other analysis tools is an advantage).
- You have business fluent German and English skills and the necessary flexibility and willingness to travel.
- You are a good communicator and enjoy working in a team.

If you are enthusiastic about working in a team, have strong analytical skills and strive for continuous further development, we look forward to your application!

You are interested? Then send us your application documents (cover letter, CV, certificates) by email. We are excited to get to know you.
